

# MA-1595

Top Quality Network ECR  
Electronic Cash Register

An ideal solution for the  
retail market place.

The MA-1595 is at the high end  
of the Electronic Cash Registers  
manufactured by TOSHIBA TEC.  
The abundance of programmable  
system options, combined with  
the interfaces for scanning,  
scale, and master-satellite all  
included in the standard version,  
gives a very competitive total  
system for the retail market.

A solution for business of all sizes

Whether you need a fully featured stand-alone  
ECR, a single-store M/S system, or an extensive  
network of cash registers connected to your head  
office, the MA-1595 fits your needs. Its fast LAN  
communication allows your system to grow with  
your business.

# MA-1595

## New fast thermal printer

The MA-1595 comes with a new silent, high-speed thermal printer.

It offers:

- 58 mm width receipt/journal
- 32 character alphanumeric print
- Automatic receipt cut
- 20 lines/s print speed
- Graphic logo
- 4+3 lines of programmable store message

## System expansion via LAN connection

The fast 10 Mbps LAN interface connects the MA-1595 to a PC for easy communication and data collection. Using the LAN connection, you can also build a master-satellite network of up to 16 machines, with high-speed communication to the central data file. The flexible master / backup master configuration gives you total system security.

## Extensive functionality

This low-cost scanning system comes with standard scanning and scales functions. The fully-fledged cashier accountability and comprehensive range of management reports help you control your business.

Other functions include:

- Special rounding
- 4 VAT
- 10 auto function keys
- 3 price levels.
